Part #	Flex Lance Safety Grip
35-009-002	.323" (3mm) Flex Lance Safety Grip Stop
35-009-003	.390" (4mm) Flex Lance Safety Grip Stop
35-009-004	.442" (5mm) Flex Lance Safety Grip Stop
35-009-005	.510" (6mm) Flex Lance Safety Grip Stop
35-009-006	.725" (7mm) Flex Lance Safety Grip Stop

Features:

- Designed to minimize the risk of injury to flex lance operators caused by a live nozzle exiting the tube unexpectedly.
- The comfortably contoured handle makes it easy to hold the safety grip against the tube sheet.
- Simple to install and is quickly adapted to handle various lance sizes by selecting the appropriately sized lance stop.
- Three lance stops for the most common 4mm, 5mm and 6mm diameter hoses are provided with each SAFETY GRIP. Additional sizes are available separately.
